A friend in the trade...

With over 30 years experience and a network of Window Store branches across the South of England and South West including South Wales. The Window Store is well set up to provide the service and products you need.

Our extensive range of quality products means you can get everything you need from one reliable company. Not only do we offer a complete range of products but we offer an extensive choice within each range.

Our windows include 60mm, 70mm, chamfered and vertical sliders and our doors include PVC-U panels, composite, French, patio and bi-folding. We offer competitive and premium conservatory roof systems and one of the UK's most extensive ranges of cills, roofline and rainwater goods, not to mention all the other little extras that you will need.

Our Promise

At The Window Store we like to think of ourselves as 'a friend in the trade.' We will go out of our way to ensure our customers get the service, products and support they need. From CAD design, to specification and quotation assistance, to free local delivery, or even just some advice and a mug of tea, our team is always on hand to help. Technical and product information is available from our website but if you need any further advice just pop into your local branch.

We are a nationally backed company but with a strong local focus. This means we can guarantee stability and continual investment in our products but we understand the local marketplace. Our staff have been with us for many years, so their local knowledge is second to none and they understand your needs. Speak to a friend in the trade; speak to your local Window Store.

If you are buying your windows and glass from the Window Store, then you are covered. If you would like more information on CE Marking, pop into your Window Store branch and speak to one of our team to find out more.

Window Energy Ratings

If you are looking for the best windows that will offer maximum energy efficiency, our A Rated windows will provide you with a stylish, quality window and ultimate energy efficiency. Along with fantastic A Rated Windows our range also includes B and C rated options so you can get the right balance of cost and efficiency for the job in hand.

One of the key areas heat is lost in the home is through windows and doors, which is why A Rated Windows are becoming increasingly popular due to their fantastic energy and money saving features.

- ▷ A, B and C rated windows, available in 60mm and 70mm systems
- ▷ Includes sustainable recycled composite material as reinforcement
- ▷ Reduces customers heating bills and saves tonnes of CO₂
- ▷ Available on all casement windows
- ▷ Energy saving glass filled with argon gas
- ▷ **FREE** local delivery

The Window Store is committed to sustainability

From supplying energy efficient products to recycling old windows we are committed to the integration of all environmental factors across all elements of our business.
